

# PAPER TOWN

Paper Town Craft Kits make great gifts for party bags and are an ideal alternative to the usual suspects. Send all of your child's party guests home with craft instead of a noisy whistle, copious amounts of sweets or messy slime – your mum friends will thank you!

## PRICES:

The craft kits come in lovely brightly coloured paper bags so they are all ready to hand out at the end of the party. The guests can then go home and get crafty straight away or save it for a rainy day.

With so many kits to choose from you can select one that ties in with the theme of your party.
